

Call for Papers: Pan-American Congress in Transportation and Logistics Research (PANAMSTR) 2026

San Diego, California & Ensenada, Mexico | May 27-29, 2026

The Pan-American Society for Transportation Research (PANAMSTR) is delighted to invite researchers, practitioners, and professionals to participate in the 2026 Pan-American Congress in Transportation and Logistics Research, to be held in San Diego, California and Ensenada, Mexico. This congress aims to foster collaboration and innovation across the Americas, promoting academic and practical advancements in transportation, logistics, and related fields.

Conference Themes

We invite submissions on a wide range of topics within transportation and logistics, including but not limited to:

- Public Transport
 - Freight Transport and Logistics
 - Sustainable Transport
 - Transport Safety
 - Traffic Engineering and Intelligent Transportation Systems (ITS)
 - Transport Economics and Land Use
 - Transport Infrastructure
 - Education, Equity, and Inclusion in Transport
 - Transport Planning and Management
-

Guidelines for Authors

Extended abstracts will undergo a **double-blinded review process** for approval and should adhere to the following guidelines:

1. **Word Count:** The extended abstract should be between 1,500 and 3,000 words.
2. **Format:** Use the official congress template (available on the submission portal).
3. **Content:** The abstract must include the following elements:
 - Main objectives of the research
 - Scope
 - Methodology
 - Results
 - Conclusions
4. **Structure:** The extended abstract should include:
 - Introduction
 - Literature Review
 - Methodology

- Results
 - Discussion
 - Conclusions
5. **Languages:** Submissions are accepted in English, Spanish, and Portuguese.
6. **Submission Options:** Prospective authors can opt for:
- **Presentation and Publication:** Accepted extended abstracts will be published in the event proceedings with an ISBN.
 - **Presentation Only:** Authors may choose not to publish their abstracts in the proceedings.

Additionally, authors of accepted abstracts will have the opportunity to submit their **complete manuscripts** to special issues in journals that will be announced during the event.
